Touring the Universe By Ken Graun

Touring the Universe is a complete astronomy field guide written especially for beginning & intermediate astronomy enthusiasts. It lets you in on the best places in the cosmos to explore, when and where to witness the most spectacular events, and how to get there to have the best experience! Even those on a budget will garner a lifetime of memories. Liftoff is now! Fasten your seat belts.

Highlights

- Written especially to help beginners, dabblers or budding amateur astronomers, from high school to adult, to get started in understanding and observing the heavens.
- First section of the book takes you on an introductory tour of our solar system, then on through our galaxy and into the depths of the universe. The second sections provides information for exploring the night sky with your eyes, binoculars or telescope.
- Up-to-date information on choosing binoculars or a telescope.
- Full-color star charts cover the entire celestial sphere — for use anywhere in the world. Over 100 binocular and telescope objects indicated and described.
- Detailed description on finding and observing each of the eight planets through 2017.
- Detailed description on finding and observing over 100 star clusters, nebulae and galaxies.
- Moon map and moon phases through 2017.
- Worldwide eclipses through 2017.
- Meteor showers, astrophotography, universal time and more.
- Table of contents, glossary, index, historical timelines.
- Loaded with color photos, illustrations and tables.

- Spiral bound (lays flat for easy use of star charts).
- 10.5" x 10.5", 128 pages.

Editorial Review

About the Author

Ken Graun is the author of two children's astronomy books as well as two astronomy field guide for beginning adults. Additionally he is coauthor, with David Levy, of several beginning star charts. He has been honored for his contributions in sharing astronomy by having an asteroid named after him. He continues to lecture and write more astronomy books.

Users Review

From reader reviews:

Ana Lopez:

The publication with title Touring the Universe has lot of information that you can find out it. You can get a lot of gain after read this book. That book exist new expertise the information that exist in this reserve represented the condition of the world today. That is important to yo7u to find out how the improvement of the world. This particular book will bring you in new era of the internationalization. You can read the e-book in your smart phone, so you can read this anywhere you want.

Dennis Byrd:

The reason? Because this Touring the Universe is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will jolt you with the secret that inside. Reading this book close to it was fantastic author who write the book in such remarkable way makes the content on the inside easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you for not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of rewards than the other book have such as help improving your proficiency and your critical thinking method. So , still want to hold off having that book? If I ended up you I will go to the book store hurriedly.

Scott Bourquin:

Reading a book to become new life style in this year; every people loves to go through a book. When you go through a book you can get a lot of benefit. When you read publications, you can improve your knowledge, since book has a lot of information onto it. The information that you will get depend on what forms of book that you have read. In order to get information about your study, you can read education books, but if you want to entertain yourself you can read a fiction books, this sort of us novel, comics, along with soon. The Touring the Universe will give you a new experience in looking at a book.

Rebecca McGrew:

Many people spending their time period by playing outside using friends, fun activity with family or just

watching TV the whole day. You can have new activity to spend your whole day by reading a book. Ugh, ya think reading a book can really hard because you have to take the book everywhere? It all right you can have the e-book, taking everywhere you want in your Touch screen phone. Like Touring the Universe which is having the e-book version. So , why not try out this book? Let's see.
