Birds of Africa South of the Sahara By Ian Sinclair, Peter Ryan

Birds of Africa South of the Sahara provides unrivalled coverage of African birds in a single volume, and is the only book to describe and illustrate all of the birds found in Africa south of the Sahara Desert (the Afrotropic Region), including Socotra, Pemba and islands in the Gulf of Guinea. Despite its exceptional coverage, this guide is compact enough to use in the field, and follows the standard field guide format, with texts and range maps appearing opposite the color plates. Comprehensively revised to reflect changes in taxonomy. Illustrations show most distinctive plumages, diagnostic flight patterns and major geographic variants.
