Communication in History: Technology, Culture, Society (5th Edition) By David Crowley, Paul Heyer

Communication in History's outstanding selection of readings from classic and contemporary sources gives an extensive overview of the most important ideas in the field. Encompassing topics as wide-ranging as the role of printing in the rise of the modern state and the role of the Internet in the Information Age, this anthology reveals how media have been influential both in maintaining social order and as powerful agents of change. Revised with new readings for the Fifth Edition, *Communication in History* continues to be, as one reviewer wrote, "the only text in the sea of History of Mass Communication texts that introduces students to a more expansive, intellectually enlivening study of the relationship between human history and communication history."

Editorial Review

From the Back Cover

***Communication in History's* outstanding selection of readings from classic and contemporary sources gives an extensive overview of the most important ideas in the field.**

Encompassing topics as wide-ranging as the role of printing in the rise of the modern state and the role of the Internet in the Information Age, this anthology reveals how media have been influential both in maintaining social order and as powerful agents of change. Revised with new readings for the fifth edition, *Communication in History* continues to be, as one reviewer wrote, “the only text in the sea of History of Mass Communication texts that introduces students to a more expansive, intellectually enlivening study of the relationship between human history and communication history.”

New to This Edition

- Includes **two new entries on radio** that enhance student s’ understanding of the role of radio networks and advertisers in the 1930s and 1940s, and explore radio’s transformation following the rise of television
- Enriches coverage of **digital communication and new media** to make the text more up-to-date and a better guide for assessing contemporary technological change
- Adds an entry on **communication and monastic culture in the Middle Ages**, further expanding the text’s history coverage and giving students insight into the impact of communication and culture in this time period
- Revisits the **classic encounter** between two preeminent media critics, Camille Paglia and the late Neil Postman
- Enriches coverage of **early writing** with a new piece by Denise Schmandt-Besserat that reinterprets previous archeological finds

Praise for *Communication in History*

“There are a number of competitors, but none really do what this does, which is to deal with communication through history without overemphasizing the current media. Most of the history books are industry centered. This book is communication centered... and that is commendable.”

–Daniel G. McDonald, The Ohio State University

Users Review

From reader reviews:

Ezra Talbott:

Have you spare time for just a day? What do you do when you have more or little spare time? Yeah, you can choose the suitable activity to get spend your time. Any person spent their spare time to take a move, shopping, or went to often the Mall. How about open or read a book entitled Communication in History: Technology, Culture, Society (5th Edition)? Maybe it is to get best activity for you. You realize beside you can spend your time along with your favorite's book, you can smarter than before. Do you agree with the opinion or you have various other opinion?

Lloyd North:

This Communication in History: Technology, Culture, Society (5th Edition) book is simply not ordinary book, you have after that it the world is in your hands. The benefit you have by reading this book will be information inside this book incredible fresh, you will get information which is getting deeper a person read a lot of information you will get. That Communication in History: Technology, Culture, Society (5th Edition) without we know teach the one who examining it become critical in thinking and analyzing. Don't always be worry Communication in History: Technology, Culture, Society (5th Edition) can bring any time you are and not make your case space or bookshelves' grow to be full because you can have it inside your lovely laptop even phone. This Communication in History: Technology, Culture, Society (5th Edition) having excellent arrangement in word and layout, so you will not truly feel uninterested in reading.

Kenneth Cunningham:

People live in this new morning of lifestyle always try and and must have the time or they will get large amount of stress from both daily life and work. So , when we ask do people have time, we will say absolutely sure. People is human not really a huge robot. Then we inquire again, what kind of activity do you have when the spare time coming to you actually of course your answer can unlimited right. Then do you ever try this one, reading publications. It can be your alternative throughout spending your spare time, the particular book you have read will be Communication in History: Technology, Culture, Society (5th Edition).

Nicholas Thiede:

Your reading sixth sense will not betray anyone, why because this Communication in History: Technology, Culture, Society (5th Edition) guide written by well-known writer we are excited for well how to make book that could be understand by anyone who read the book. Written inside good manner for you, still dripping wet every ideas and creating skill only for eliminate your own hunger then you still skepticism Communication in History: Technology, Culture, Society (5th Edition) as good book not only by the cover but also by content. This is one book that can break don't assess book by its include, so do you still needing one more sixth sense to pick this specific!/? Oh come on your studying sixth sense already said so why you have to listening to yet another sixth sense.
