### TERRALOG: Turtles of the World: Central and South America, Vol. 3 (English and German Edition) By Holger Vetter

Central and South American turtles, including the impressive Galapagos tortoises as well as the various genera of the family Chelidae, are covered in this third volume of TERRALOG. It serves as supplement to volume two by presenting the remaining members of the genera Chelydra, Kinosternon, Rhinoclemmys, Terrapene, and Trachemys. Where possible, more than one individual is shown, as well as photos of their habitat, sexual dimorphism, peculiarities of the carapace and plastron, mating, oviposition, hatching, and juveniles. Descriptive symbols of their captive needs appear for each species. With 500 color photographs and color distribution maps for all species, this volume of TERRALOG is a unique reference for everyone, from the hobbyist to the scientist. It presents a fascinating insight into the amazing diversity of Central and South American turtles and tortoises. Hardcover and 128 pages.
