The Economics of Recreation, Leisure and Tourism, Third Edition By John Tribe

Now in its third successful edition, **The Economics of Leisure and Tourism** has been fully revised and updated to cover all the latest issues and changes, and more. Essentially a real world text in applied economics, it explains the necessary economic theories from first principles and applies them to a range of leisure and tourism problems and issues at the consumer, business, national and international level.

Key themes discussed are:

- * How is the provision of leisure and tourism determined and could it be provided in a different way?
- * What are the key opportunities and threats facing leisure and tourism & environmental impacts?
- * How can economics be used to manage leisure and tourism?

International in its outlook, this text uses examples from Brazil, China, India and Japan, as well as Europe, North America and Australia.

With an accompanying website with links and Powerpoint resources for lecturers, this new edition provides:

- * New chapters on regeneration, tourism as an economic development strategy, globalisation and political economy of tourism.
- * Introduction of dependency theory and development economics theories
- * Liberal use of press cuttings, journal articles and international case studies
- * User friendly learning features such as: visual mapping of chapter contents, chapter objectives, summaries of key points' short answer questions.
- * User-friendly and relevant, no 'theory for theory's sake'
- * Visual mapping of the content of each chapter
- * Liberal use of press cuttings and international case studies (e.g. North America, Europe and Australia)

Editorial Review

From the Back Cover

Now in its third edition, **The Economics of Recreation, Leisure and Tourism** has been fully revised and updated to cover all the latest issues and changes, and more. Essentially a real world text in applied economics, it explains the necessary economic theories from first principles and applies them to a range of leisure and tourism problems and issues at the consumer, business, national and international level.

Key themes are:

- * How is the provision of recreation, leisure and tourism determined, and could it be provided in a different way?
- * What are the key economic and environmental impacts of recreation, leisure and tourism?
- * How can economics be used to manage recreation, leisure and tourism?

International in its outlook, this text uses examples from Brazil, China, India and Japan, as well as Europe, North America and Australia.

With an accompanying website with links and PowerPoint resources for lecturers, it provides:

- * New chapters on globalisation and critique
- * Seminar activities
- * Liberal use of press cuttings, journal articles and international case studies
- * User-friendly learning features such as: visual mapping of chapter contents, learning outcomes, summaries of key points, multiple choice and short answer questions.

John Tribe is Professor of Tourism at Buckinghamshire Chilterns University College, UK.

Reviews of previous editions:

". provides an excellent basis for appreciating the relevance of economic analysis to the solution of various real life tourism and leisure issues." Professor Larry Dwyer, *Annals of Tourism Research*.

". an excellent text. It is very well organised and should proved to be an excellent educational tool or as a book for those interested in the subject". Dr. John Jenkins, *Journal of Sustainable Tourism*.

"The book is the only one of its kind which is essential to students of the economic or business aspects of the tourism and leisure industries ." Dr. Rebecca Hawkins, *Tourism*.

Users Review

From reader reviews:

Martha Skaggs:

Within other case, little folks like to read book *The Economics of Recreation, Leisure and Tourism, Third Edition*. You can choose the best book if you'd prefer reading a book. So long as we know about how is

important any book The Economics of Recreation, Leisure and Tourism, Third Edition. You can add knowledge and of course you can around the world with a book. Absolutely right, simply because from book you can recognize everything! From your country until foreign or abroad you will be known. About simple point until wonderful thing you are able to know that. In this era, we can open a book or searching by internet device. It is called e-book. You should use it when you feel bored to go to the library. Let's go through.

Lyman Johnson:

The book The Economics of Recreation, Leisure and Tourism, Third Edition has a lot of knowledge on it. So when you read this book you can get a lot of profit. The book was compiled by the very famous author. The writer makes some research previous to write this book. This specific book very easy to read you will get the point easily after looking over this book.

Shirley Kier:

Playing with family in the park, coming to see the sea world or hanging out with friends is thing that usually you might have done when you have spare time, after that why you don't try matter that really opposite from that. 1 activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love The Economics of Recreation, Leisure and Tourism, Third Edition, you may enjoy both. It is excellent combination right, you still wish to miss it? What kind of hang-out type is it? Oh seriously its mind hangout guys. What? Still don't understand it, oh come on its named reading friends.

Rachel Morris:

Many people spending their time by playing outside along with friends, fun activity using family or just watching TV all day every day. You can have new activity to invest your whole day by looking at a book. Ugh, do you consider reading a book can actually hard because you have to accept the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Smart phone. Like The Economics of Recreation, Leisure and Tourism, Third Edition which is keeping the e-book version. So , why not try out this book? Let's notice.
