In this national bestseller, the president of The Church of Jesus Christ of Latter-day Saints, Gordon B. Hinckley, has created a classic look at the values that can change our world--and how to stand up for them. Drawing on anecdotes from his much-admired life of faith and service, as well as examples from American culture today, he examines ten virtues that have always illuminated the path to a better world: love, honesty, morality, civility, learning, forgiveness and mercy, thrift and industry, gratitude, optimism, and faith. Editorial Review

Amazon.com Review

"Virtue is too often neglected, if not scorned or ridiculed as old-fashioned, confining, unenlightened," laments author Gordon Hinckley, a 90-year-old ordained leader of the Church of Jesus Christ of Latter Day Saints. Even as he enumerates all of America's social ills (including \$482 billion a year spent on gambling, rampant child neglect and abuse, school massacres, a pervasive deterioration of values) Hinckley believes there is a remedy. Chapter by chapter Hinckley presents 10 old-fashioned virtues that will return America to the glory envisioned by its founding fathers. These virtues include Love, Honesty, Morality, Civility, Learning, Forgiveness, Thrift and Industry, Gratitude, Optimism, and Faith.

Hinckley makes a compelling case for every one of these virtues, quoting extensively from the Bible but mostly using convincing personal anecdotes (after all, he is an elder with 90 years worth of stories and wisdom). In his glowing foreword, Mike Wallace (of *60 Minutes* fame) writes that Gordon Hinckley is an "optimistic leader of the Mormon Church who fully deserves the almost universal admiration that he gets." Clearly, Hinckley has struck a resounding chord with the American populace, including dyed-in-the-wool New York cynics such as Wallace. Word of this book is rapidly spreading across America as simple folk clamor to steer their lives and country with a more virtuous compass.

From Publishers Weekly

Ordained in 1995 as president of the Church of Jesus Christ of Latter-day Saints, Hinckley projects a warm, good-humored and tolerant persona, qualities that have been showcased in national media appearances and have served the church well in its efforts to grow internationally. (Fellow octogenarian Mike Wallace, who interviewed Hinckley for *60 Minutes* in 1996, provides the foreword.) Yet this book, the first that Hinckley has published with a secular house, is less a Mormon work than a manifesto of traditional values. Hinckley expresses concern that the "secularization of America" has led to moral decay. A belief in God and the power of prayer inform his inspirational essays--on honesty, forgiveness, gratitude, thrift and civility--which are peppered with personal anecdotes and examples from religious history. Few will take issue with such moderate and compassionate statements as "helping hands can lift someone out of the mire of difficulty" or "because we live in a world where there is much harshness, hostility and meanness, there is also much need for all of us to be more merciful." However, Hinckley's rigid stance against divorce, abortion, extramarital sex and homosexuality may alienate those who disagree with his conservative vision of morality. Married for 60 years himself, the author believes that marriages between men and women, with the male partner at the head of the family, will ensure the health of society. 20-market TV satellite tour. Review

"We live in an age in which traditional beliefs have been attenuated, ridiculed, and mocked. We desperately need leaders who will defend them -- and just as important, we need leaders who can explain why they are worth defending. Which is why Gordon Hinckley's book is so valuable. Timely, intelligent, practical, and readable, **Standing for Something** is an important contribution to the national discussion."

--William J. Bennett, editor, *The Book of Virtues*

"I absolutely love this book! Every chapter breathes profound wisdom, insight, and optimism. Articulated by one of the inspired leaders of our day, these ten timeless values, if lived, will literally heal our hearts, our homes, our country, our world."

--Stephen R. Covey, author, *The Seven Habits of Highly Effective People*

"President Gordon B. Hinckley has written a wise and inspiring book. He looks at all that ails our society today and offers the most powerful cure: faith in God and the virtues that emanate from it. His voice in this book is prophetic and full of love. People of all religions will benefit from reading **Standing for Something**, and society will gain too, because this book should lead its readers to stand for something."

--Senator Joseph I. Lieberman
