Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) By Spencer L. Seager, Michael R. Slabaugh

Distinguished by its superior allied health focus and integration of technology, Seager and Slabaugh's CHEMISTRY FOR TODAY: GENERAL, ORGANIC, and BIOCHEMISTRY, Fifth Edition continues to lead the market on both fronts through numerous allied health-related applications, examples, boxes, and a new Companion Web Site, GOB ChemistryNow™. In addition to the many resources found in GOB ChemistryNow, this powerful new Web site contains questions modeled after the "Nursing School and Allied Health Entrance Exams" and NCLEX-LPN "Certification Exams." The authors strive to dispel users' inherent fear of chemistry and to instill an appreciation for the role chemistry plays in our daily lives through a rich pedagogical structure and an accessible writing style that provides lucid explanations. In addition, Seager and Slabaugh's CHEMISTRY FOR TODAY, Fifth Edition, provides greater support in both problem-solving and critical-thinking skills. By demonstrating how this information will be important to a reader's future career and providing important career information online, the authors not only help readers to set goals but also to focus on achieving them.

Editorial Review

Review

"Seager and Slabaugh is well written, student friendly, and well-organized."

"The authors' writing style is outstanding. The students and teachers like this book because it is clear and easy to understand," "The pedagogical elements of this textbook are very well presented. There is a wide range of choices and the teacher can use or ignore them depending on the teacher's needs and teaching style. The special topic boxes are very useful teaching tools."

"The 'Chemistry Around Us' and 'Over the Counter' boxes were very informative and interesting and should help the student understand the importance of chapter topics."

"Readability and proper level of approach are the main strengths of the text. The extra features ('Chemistry Around Us' and 'Over the Counter') are fantastic. The graphics are excellent. The material is accurate and quite up-to-date."

About the Author

Spencer L. Seager is Professor of Chemistry at Weber State University, where he served as chemistry department chairman from 1969 until 1993. He teaches general and physical chemistry at the university and is also active in projects to help improve chemistry and other science education in local elementary schools. He received his B.S. in chemistry and Ph.D. in physical chemistry from the University of Utah.

Michael R. Slabaugh is Professor of Chemistry at Weber State University, where he teaches the year-long sequence of General, Organic, and Biochemistry. He received his B.S. in chemistry from Purdue and his Ph.D. in organic chemistry from Iowa State University. His interest in plant alkaloids led to a year of postdoctoral study in biochemistry at Texas A & M. His current professional interests are chemistry education and community involvement in science activities, particularly the State Science and Engineering Fair in Utah.

Users Review

From reader reviews:

Harold Sparkman:

The book Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) can give more knowledge and information about everything you want. So why must we leave the good thing like a book Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac)? Wide variety you have a different opinion about publication. But one aim that will book can give many data for us. It is absolutely appropriate. Right now, try to closer using your book. Knowledge or data that you take for that, it is possible to give for each other; you could share all of these. Book Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) has simple shape however, you know: it has great and large function for you. You can appearance the enormous world by open up and read a guide. So it is very wonderful.

Amelia Page:

The guide untitled Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) is the publication that recommended to you to learn. You can see the quality of the reserve content that will be shown to an individual. The language that author use to explained their ideas are easily to understand. The writer was did a lot of investigation when write the book, to ensure the information that they share to you personally is absolutely accurate. You also could possibly get the e-book of Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) from the publisher to make you considerably more enjoy free time.

Paula Adame:

Playing with family in the park, coming to see the water world or hanging out with good friends is thing that usually you have done when you have spare time, subsequently why you don't try point that really opposite from that. One activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac), it is possible to enjoy both. It is good combination right, you still need to miss it? What kind of hang type is it? Oh seriously its mind hangout men. What? Still don't get it, oh come on its called reading friends.

Shalon Dougherty:

This Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) is great e-book for you because the content which is full of information for you who have always deal with world and get to make decision every minute. This kind of book reveal it info accurately using great arrange word or we can declare no rambling sentences included. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but challenging core information with beautiful delivering sentences. Having Chemistry for Today: General, Organic, and Biochemistry (with GOB ChemistryNow™ and InfoTrac) in your hand like getting the world in your arm, info in it is not ridiculous one. We can say that no book that offer you world with ten or fifteen second right but this publication already do that. So , it is good reading book. Hey there Mr. and Mrs. busy do you still doubt that?
