Design and Layout of Foodservice Facilities By John C. Birchfield

A complete guide for the entire facility design process?--revised and updated

In today's fast-moving business climate, the foodservice professional will likely be involved in several facility design projects over his or her career. *Design and Layout of Foodservice Facilities*, Third Edition provides a comprehensive reference for every step of the process, from getting the initial concept right to the planning, analysis, design, permitting, and construction--in short, everything needed to get to opening day of the new establishment! Packed with valuable drawings, photographs, and charts, this essential guide covers the nuts-and-bolts decisions that make the difference in an effective, efficient foodservice operation, including equipment selection, workflows, and legal compliance.

This Third Edition features:

- Expanded focus on the front of the house/dining room area
- Updated and revised equipment chapter with new images of the latest equipment
- New pedagogical features incorporated throughout the text, including key terms, review questions, and questions for discussion
- Additional blueprints highlighting design trends
- Revised appendices that include Web references for additional information
- Expanded and updated glossary

Design and Layout of Foodservice Facilities, Third Edition is an invaluable resource for students of foodservice management as well as professionals involved in foodservice design projects.

Users Review

From reader reviews:

David Ashworth:

What do you concerning book? It is not important along with you? Or just adding material if you want something to explain what you problem? How about your spare time? Or are you busy person? If you don't have spare time to perform others business, it is make one feel bored faster. And you have free time? What did you do? Every individual has many questions above. They need to answer that question simply because just their can do which. It said that about book. Book is familiar on every person. Yes, it is proper. Because

start from on kindergarten until university need this Design and Layout of Foodservice Facilities to read.

Joyce Burke:

Playing with family within a park, coming to see the water world or hanging out with good friends is thing that usually you have done when you have spare time, subsequently why you don't try point that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Design and Layout of Foodservice Facilities, you can enjoy both. It is great combination right, you still want to miss it? What kind of hangout type is it? Oh can occur its mind hangout guys. What? Still don't get it, oh come on its called reading friends.

Steven Barraza:

Your reading 6th sense will not betray you, why because this Design and Layout of Foodservice Facilities e-book written by well-known writer whose to say well how to make book that can be understand by anyone who all read the book. Written in good manner for you, leaking every ideas and producing skill only for eliminate your own personal hunger then you still doubt Design and Layout of Foodservice Facilities as good book not merely by the cover but also by content. This is one guide that can break don't assess book by its include, so do you still needing an additional sixth sense to pick this specific!/? Oh come on your reading through sixth sense already said so why you have to listening to a different sixth sense.

Maria Peterson:

Are you kind of active person, only have 10 or even 15 minute in your morning to upgrading your mind ability or thinking skill possibly analytical thinking? Then you have problem with the book than can satisfy your short period of time to read it because this time you only find e-book that need more time to be go through. Design and Layout of Foodservice Facilities can be your answer because it can be read by you actually who have those short spare time problems.
