The Book of the Torah, Second Edition: By Thomas W. Mann

The first five books of the Bible contain many of its most famous stories, populated by vivid characters altogether human in their triumphs and failings-and an equally complicated deity. Many works of Western art and literature appeal to these stories, from Michelangelo's painting of Adam and Eve to a novel like William Faulkner's *Go Down, Moses*. The three great Abrahamic religions (Judaism, Christianity, and Islam) are rooted here. So is much of Western political theory and constitutional polity, for a good half of these books contains legislation (torah) of various kinds, as indicated by the ancient title: the book of the Torah. Law and narrative together render the character of the ancient covenant community known as Israel, as well as the God who rules over that community. In this revised and expanded version of his popular book of 1988, Mann engages literary criticism and theology in attending both to the composite nature of the Torah (or Pentateuch) and to its final, canonical shape. Mann's study provides a lucid introduction to the heart of the Hebrew Bible, suitable for students and general readers, but also of interest to biblical scholars.

Editorial Review

Review

Mann's study of the foundational texts of biblical faith has long been a reliable staple of pedagogy and interpretation. In it he combines a well-honed capacity for critical judgment with an acute theological sensibility, all of which is presented in an accessible format. For these reasons this new edition is a welcome offer. In it he has . . . added materials that could not have been on the horizon in the first edition. This book will evoke many grateful readers. --Walter Brueggemann, Columbia Theological Seminary

Praise for the first edition:

I would find this volume extremely useful in introducing my students to this basic part of the Old Testament. I am quite excited about this project. --Patrick D. Miller, author of *Stewards of the Mysteries of God*

A sound piece of work. Its holistic, final-form approach reflects the major trend in biblical criticism. It is perceptive, sensitive, thoughtful, and stimulating. --David Gunn, coauthor of *Narrative in the Hebrew Bible*

From the Back Cover

"A sound piece of work. Its holistic, final-form approach reflects the major trend in biblical criticism. It is perceptive, sensitive, thoughtful, and stimulating." David Gunn, Professor of Old Testament, Columbia Theological Seminary

"I would find this volume extremely useful in introducing my students to this basic part of the Old Testament. I am quite excited about this project." Patrick D. Miller, Professor of Old Testament, Princeton Theological Seminary

About the Author

Thomas W. Mann has taught at Princeton Theological Seminary, Converse College, Salem College, and Wake Forest University. For twenty-three years he was also the minister of Parkway United Church of Christ in Winston Salem, North Carolina. He is the author of *The Book of the Former Prophets* (Cascade Books, 2011), a sequel to this book; *Deuteronomy* (1995); and *God of Dirt: Mary Oliver and the Other Book of God* (2004).

Users Review

From reader reviews:

Jennifer Rogers:

Now a day people that Living in the era exactly where everything reachable by interact with the internet and the resources inside it can be true or not involve people to be aware of each info they get. How many people to be smart in getting any information nowadays? Of course the solution is reading a book. Reading a book can help individuals out of this uncertainty Information mainly this *The Book of the Torah, Second Edition:* book because this book offers you rich details and knowledge. Of course the details in this book hundred per-cent guarantees there is no doubt in it as you know.

Kristy Douglas:

Reading a guide tends to be new life style on this era globalization. With looking at you can get a lot of information that may give you benefit in your life. With book everyone in this world can share their idea. Books can also inspire a lot of people. Lots of author can inspire their own reader with their story as well as their experience. Not only situation that share in the books. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors on earth always try to improve their ability in writing, they also doing some analysis before they write with their book. One of them is this The Book of the Torah, Second Edition:.

Bernice Martinez:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some reserve, they are complained. Just little students that has reading's spirit or real their leisure activity. They just do what the professor want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that studying is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this The Book of the Torah, Second Edition: can make you really feel more interested to read.

Neil McNatt:

What is your hobby? Have you heard that question when you got students? We believe that that issue was given by teacher for their students. Many kinds of hobby, Everyone has different hobby. And you also know that little person similar to reading or as studying become their hobby. You have to know that reading is very important and also book as to be the thing. Book is important thing to add you knowledge, except your personal teacher or lecturer. You discover good news or update concerning something by book. A substantial number of sorts of books that can you decide to try be your object. One of them is niagra The Book of the Torah, Second Edition:.
