### Urology at a Glance From Springer

Urology at a Glance is a concise, practical guide to diagnostic and therapeutic decision making. The book is divided into two parts. The first focuses on the pathway from symptom to diagnosis and covers the full range of symptoms commonly encountered by the urologist. Any particular symptom can be located within a matter of seconds and in each case differential diagnosis is explained with the aid of a flow chart. The second part of the book is devoted to the pathway from diagnosis to therapy, with each short chapter devoted to a specific diagnosis. Basic information is provided on the disease in question, along with an outline of state of the art treatment options and possible complications. Again, flow charts are used to help the reader to reach the correct therapeutic decision in different circumstances. Numerous high-definition photographs and illustrations are also included. This book will be a great asset for urologists and practitioners in related disciplines.

### Editorial Review

From the Back Cover

*Urology at a Glance* is a concise, practical guide to diagnostic and therapeutic decision making. The book is divided into two parts. The first focuses on the pathway from symptom to diagnosis and covers the full range of symptoms commonly encountered by the urologist. Any particular symptom can be located within a matter of seconds, and in each case differential diagnosis is explained with the aid of a flow chart. The second part of the book is devoted to the pathway from diagnosis to therapy, with each short chapter devoted to a specific diagnosis. Basic information is provided on the disease in question, along with an outline of state of the art treatment options and possible complications. Again, flow charts are used to help the reader to reach the correct therapeutic decision in different circumstances. Numerous high-definition photographs and illustrations, many of them in color, are also included. The editors and authors are leading urological surgeons and oncologists and internationally recognized authorities in their fields. This book will be a great asset in every urologist's office and will also prove invaluable for practitioners in related disciplines.

### Users Review

**From reader reviews:**

**Jane Garner:**

Nowadays reading books be than want or need but also become a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge your information inside the book in which improve your knowledge and information. The details you get based on what kind of reserve you read, if you want have more knowledge just go with training books but if you want sense happy read one along with theme for entertaining including comic or novel. Often the Urology at a Glance is kind of reserve which is giving the reader unstable experience.

**Cora Conte:**
