**Concrete Repair, Rehabilitation and Retrofitting II: 2nd International Conference on Concrete Repair, Rehabilitation and Retrofitting, ICCRRR-2, 24-26 November 2008, Cape Town, South Africa** From CRC Press

The Second International Conference on Concrete Repair, Rehabilitation and Retrofitting (ICCRRR 2005) was held in Cape Town, South Africa, from 24-26 November 2008. The Conference followed the very successful First International Conference, also in Cape Town in 2005, and continued as a collaborative venture by researchers from the South African Research Programme in Concrete Materials (based at the Universities of Cape Town and The Witwatersrand) and The Construction Materials Sections at Leipzig University and MFPA Leipzig in Germany.

The background, in industry and the state of national infrastructures, continues to be highly challenging and demanding. The facts remain that much of our concrete infrastructure deteriorates at unacceptable rates, that we need appropriate tools and techniques to undertake the vast task of sound repair, maintenance and rehabilitation of such infrastructure, and that all this must be undertaken with due cognisance of the limited budgets available for such work. New ways need to be found to extend the useful life of concrete structures cost-effectively. Confidence in concrete as a viable construction material into the 21st century needs to be retained and sustained, particularly considering the environmental challenges that the industry and society now face.

The conference proceedings contain papers, presented at the conference, and classified into a total of 12 sub themes which can be grouped under the three main themes of (i) Concrete durability aspects, (ii) Condition assessment of concrete structures, and (iii) Concrete repair, rehabilitation and retrofitting. The major interests in terms of submissions exists in the fields of innovative materials for durable concrete construction, integrated service life modelling of reinforced concrete structures, NDE/NDT and measurement techniques, repair methods and

materials, and structural strengthening and retrofitting techniques. The large number of high-quality papers presented and the wide range of relevant topics covered confirm that these proceedings will be a valued reference for many working in the important fields of concrete durability and repair, and that they will form a suitable base for discussion and provide suggestions for future development and research.

Set of book of abstracts (476 pp) and a searchable full paper CD-ROM (1396 pp).

## **Editorial Review**

About the Author

Professor Mark G. Alexander, Department of Civil Engineering, University of Cape Town, South Africa

Dr Hans-Dieter Beushausen, Department of Civil Engineering, University of Cape Town, South Africa

Dr Frank Dehn, MFPA Leipzig, Germany

Dr Pilate Moyo, Department of Civil Engineering, University of Cape Town, South Africa

## **Users Review**

**From reader reviews:**

**Doreen Harry:**

What do you think about book? It is just for students since they're still students or that for all people in the world, the actual best subject for that? Simply you can be answered for that problem above. Every person has distinct personality and hobby for each other. Don't to be pressured someone or something that they don't desire do that. You must know how great and important the book Concrete Repair, Rehabilitation and Retrofitting II: 2nd International Conference on Concrete Repair, Rehabilitation and Retrofitting, ICCRRR-2, 24-26 November 2008, Cape Town, South Africa. All type of book are you able to see on many resources. You can look for the internet options or other social media.

**Frances Hayes:**

Do you have something that you want such as book? The book lovers usually prefer to opt for book like comic, small story and the biggest you are novel. Now, why not hoping Concrete Repair, Rehabilitation and Retrofitting II: 2nd International Conference on Concrete Repair, Rehabilitation and Retrofitting, ICCRRR-2, 24-26 November 2008, Cape Town, South Africa that give your pleasure preference will be satisfied through reading this book. Reading routine all over the world can be said as the opportunity for people to know world far better then how they react to the world. It can't be claimed constantly that reading addiction only for the geeky man but for all of you who wants to end up being success person. So , for every you who want to start reading as your good habit, it is possible to pick Concrete Repair, Rehabilitation and Retrofitting II: 2nd International Conference on Concrete Repair, Rehabilitation and Retrofitting, ICCRRR-2, 24-26 November 2008, Cape Town, South Africa become your personal starter.

**Kimberly Wheatley:**

Your reading 6th sense will not betray you, why because this Concrete Repair, Rehabilitation and

Retrofitting II: 2nd International Conference on Concrete Repair, Rehabilitation and Retrofitting, ICCRRR-2, 24-26 November 2008, Cape Town, South Africa reserve written by well-known writer whose to say well how to make book which might be understand by anyone who also read the book. Written with good manner for you, still dripping wet every ideas and creating skill only for eliminate your current hunger then you still skepticism Concrete Repair, Rehabilitation and Retrofitting II: 2nd International Conference on Concrete Repair, Rehabilitation and Retrofitting, ICCRRR-2, 24-26 November 2008, Cape Town, South Africa as good book not simply by the cover but also with the content. This is one guide that can break don't assess book by its deal with, so do you still needing one more sixth sense to pick this!?! Oh come on your reading sixth sense already alerted you so why you have to listening to another sixth sense.

### **John Fouts:**

This Concrete Repair, Rehabilitation and Retrofitting II: 2nd International Conference on Concrete Repair, Rehabilitation and Retrofitting, ICCRRR-2, 24-26 November 2008, Cape Town, South Africa is new way for you who has intense curiosity to look for some information since it relief your hunger details. Getting deeper you on it getting knowledge more you know or you who still having little bit of digest in reading this Concrete Repair, Rehabilitation and Retrofitting II: 2nd International Conference on Concrete Repair, Rehabilitation and Retrofitting, ICCRRR-2, 24-26 November 2008, Cape Town, South Africa can be the light food in your case because the information inside this kind of book is easy to get simply by anyone. These books create itself in the form which can be reachable by anyone, sure I mean in the e-book web form. People who think that in reserve form make them feel drowsy even dizzy this reserve is the answer. So you cannot find any in reading a publication especially this one. You can find actually looking for. It should be here for an individual. So , don't miss the idea! Just read this e-book kind for your better life along with knowledge.
