Is Gangsta Rap just black noise? Or does it play the same role for urban youth that CNN plays in mainstream America? This provocative set of essays tells us how Gangsta Rap is a creative "report" about an urban crisis, our new American dilemma, and why we need to listen.

Review

"Professor D. Jones' new book, *Fear of a Hip Hop Planet: America's New Dilemma*, is informative, powerful, and enlightening. Professor Jones rebuts several criticisms of the hip hop generation and shows how hip hop impacts race, equality, and justice in America in the 21st century. This book is a must-read for those who need to better understand the hip hop generation and its role in informing America about the plight of people of African descent. I highly recommend it." (Charles J. Ogletree, Jesse Climenko Professor of Law at Harvard School of Law, Founder and Executive Director of the Charles Hamilton Houston Institute for Race and Justice, Author of *The Presumption of Guilt: The Arrest of Henry Louis Gates Jr. and Race, Class, and Crime in America*)

"D. Jones is a powerful and prophetic voice in the Age of Obama. He courageously and compassionately keeps our focus on social injustice and structural racism in America." (Cornel West, Professor, Princeton University)

"Finally, a book that illuminates the positive role of hip hop. *Fear of A Hip Hop Planet* puts hip hop in its political and social context. We have erased the color line, officially but we have 'raced' culture. The book shows how this brash urban art form interprets and reflects this new socio-cultural divide. This book will change the conversation from 'Is it art ?' to 'How do we bridge the chasm between the suburbs and the post-industrial ghetto?'" (F. Michael Higginbotham, Wilson H. Elkins Professor of Law and Interim Dean, University of Baltimore School of Law.)
