From Loren Long: A Letter to Fans

Dear Reader,

I first drove an old tractor working on a Lexington, Kentucky horse farm for a summer job during my college years.

It was ancient and rusty but steady and dependable and still contributed to the farm.

I loved driving that old tractor.

I had no idea back then that I'd become a children's book author and illustrator someday...let alone write and illustrate my own story about a little tractor named Otis.

Those days back on the horse farm served as part of the inspiration for Otis, the little tractor who loves to work hard and play hard with his friends on the farm that he loves.

Otis and the Tornado is about friendship and loyalty. I hoped to create a character that children will revere as much as I did the books I loved when I was little. A character and a book that becomes a trusted friend, who loves to have fun and who is fiercely loyal, brave and trustworthy.

I had so much fun creating Otis that my publisher and I decided to do another Otis story, *Otis and the Tornado*. In this new Otis story you'll read how Otis encounters a storm but also how he handles a new character on the farm that is just plain mean.

Otis and the Tornado is about empathy and bravery.

I hope you'll share Otis with a little one in your life. And together you'll get to know a spunky little tractor who works hard and plays hard and always has time for another friend. I hope that new friend is you.

Putt-puff!

Loren

Users Review

From reader reviews:

Richard Hood:

The book *Otis and the Tornado* gives you the sense of being enjoy for your spare time. You need to use to make your capable a lot more increase. Book can to become your best friend when you getting strain or having big problem with your subject. If you can make reading a book *Otis and the Tornado* to get your habit, you can get much more advantages, like add your capable, increase your knowledge about several or

all subjects. You can know everything if you like open and read a book Otis and the Tornado. Kinds of book are several. It means that, science book or encyclopedia or others. So , how do you think about this book?
