Social Psychology: Goals in Interaction, Books a la Carte Edition (6th Edition) By Douglas Kenrick, Steven L. Neuberg, Robert B. Cialdini

"Reveals social behavior motives, and bridges the person and the social situation." A unique integrated approach to social behavior, "Social Psychology, 6/e" invite readers to consider the interplay of influences inside and outside the person in social situations. The authors emphasizes how social psychology is an important discipline, connecting different areas of psychology (e.g., clinical, organizational, and neuroscience) as well as other behavioral sciences (e.g., anthropology, biology, economics, medicine, and law). Organized around the two broad questions - "What purposes does this behavior serve for an individual?" and "Which factors lead an individual to use this behavior to achieve those goals?" - each chapter considers factors in the person, in the situation, and in their interaction, to form an understanding of human behavior. REVEL from Pearson is an immersive learning experience designed for the way today's student read, think, and learn. REVEL modernizes familiar and respected course content with dynamic media interactives and assessments, and empowers educators to increase engagement in the course, better connecting with students. The result is increased student engagement and improved learning. REVEL for Kenrick "Social Psychology, 6/e" will be available for Fall 2014 classes. Teaching and Learning Experience This program will provide a better teaching and learning experience- for you and your students. It:

- Immersive Learning Experiences with REVEL: REVEL delivers immersive learning experiences designed for the way today's students read, think, and learn.
- Explore Research: Students can explore research around the world with new "Original Research Videos." "Investigation" questions further encourage students to analyze the material in each chapter.
- Demonstrates Practically: Several features throughout the book help readers connect abstract ideas to real-life situations.
- Improves Learning: Effective pedagogy features promote students' learning. For examples, "Quick Quiz Self-tests" in each chapter allows students to test their understanding of the material.
- Support Instructors: Video embedded PowerPoints, MyTest, clicker questions, and an instructor's manual provide instructors with extensive materials to

supplement the text.

Editorial Review

About the Author

Douglas T. Kenrick is a professor at Arizona State University. He received his B.A. from Dowling College and his Ph.D. from Arizona State University. He taught at Montana State University for four years before returning to ASU. His research has been published in a number of prestigious outlets, including "Psychological Review, Behavioral and Brain Sciences, American Psychologist, Handbook of Social Psychology, Journal of Personality and Social Psychology, Current Directions in Psychological Science, Perspectives on Psychological Science," and "Personality and Social Psychology Review." He is author of the 2011 book: "Sex, Murder, and the Meaning of Life: A psychologist investigates how evolution, cognition, and complexity are revolutionizing our view of human nature," and in 2013, with Vlad Griskevicius, he wrote "The Rational Animal: How evolution made us smarter than we think." He has taught a graduate course on teaching psychology, and he thoroughly enjoys teaching undergraduate sections of social psychology, for which he has won several teaching awards. Steven L. Neuberg is Foundation Professor of Psychology at Arizona State University. He received his undergraduate degree from Cornell University and his graduate degrees from Carnegie-Mellon University. He spent a postdoctoral year at the University of Waterloo in Canada and has since taught at ASU. Neuberg's research has been published in outlets such as "Advances in Experimental Social Psychology," "Journal of Personality and Social Psychology," "Psychological Science," "Handbook of Social Psychology," and "Perspectives on Psychological Science," and has been supported by the National Institute of Mental Health and the National Science Foundation. He has received a half dozen teaching honors, including his college's Outstanding Teaching Award and the ASU Honors College Outstanding Honors Disciplinary Faculty Award. He has served on federal grant review panels and as associate editor of the "Journal of Experimental Social Psychology" and teaches a graduate course on teaching social psychology. Robert B. Cialdini is Regents' Professor Emeritus at Arizona State University, where he has also been named Graduate Distinguished Professor. He received his undergraduate degree from the University of Wisconsin and his graduate degrees from the University of North Carolina. He is a past president of the "Society of Personality and Social Psychology" and has received the Society's award for "Distinguished Scientific Contributions." His research has appeared in numerous publications, including "Handbook of Social Psychology, Advances in Experimental Social Psychology, "and" Journal of Personality and Social Psychology." His book, "Influence: Science and Practice," has sold over 2 million copies and has appeared in 28 languages.

Users Review

From reader reviews:

James Reveles:

As people who live in often the modest era should be change about what going on or facts even knowledge to make them keep up with the era which is always change and progress. Some of you maybe may update themselves by studying books. It is a good choice in your case but the problems coming to you is you don't know which you should start with. This Social Psychology: Goals in Interaction, Books a la Carte Edition (6th Edition) is our recommendation so you keep up with the world. Why, because book serves what you want and wish in this era.

Christopher Hannah:

Information is provisions for people to get better life, information presently can get by anyone on everywhere. The information can be a expertise or any news even restricted. What people must be consider whenever those information which is within the former life are challenging be find than now's taking seriously which one is appropriate to believe or which one the resource are convinced. If you find the unstable resource then you understand it as your main information there will be huge disadvantage for you. All of those possibilities will not happen with you if you take Social Psychology: Goals in Interaction, Books a la Carte Edition (6th Edition) as the daily resource information.

Mia Shaw:

Reading a e-book tends to be new life style with this era globalization. With looking at you can get a lot of information that may give you benefit in your life. Using book everyone in this world can certainly share their idea. Guides can also inspire a lot of people. A great deal of author can inspire their own reader with their story or their experience. Not only situation that share in the textbooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors on this planet always try to improve their talent in writing, they also doing some investigation before they write with their book. One of them is this Social Psychology: Goals in Interaction, Books a la Carte Edition (6th Edition).

Dennis Bryant:

The book untitled Social Psychology: Goals in Interaction, Books a la Carte Edition (6th Edition) contain a lot of information on this. The writer explains the girl idea with easy approach. The language is very simple to implement all the people, so do not really worry, you can easy to read it. The book was published by famous author. The author will bring you in the new age of literary works. You can read this book because you can continue reading your smart phone, or device, so you can read the book in anywhere and anytime. In a situation you wish to purchase the e-book, you can start their official web-site in addition to order it. Have a nice read.
