## **Editorial Review**

### **Review**

KATHRYN LE VEQUE is a USA TODAY Bestselling author, a charter Amazon All-Star author, and a #1 bestselling, award-winning, multi-published author in Medieval Historical Romance and Contemporary Romance. She has been featured in the NEW YORK TIMES and on USA TODAY's HEA blog. In March 2015, Kathryn was the featured cover story for the March issue of InD'Tale Magazine, the premier Indie author magazine. She was also quintuple nominee (a record!) for the prestigious RONE awards for 2016 and is again a multiple nominee for the RONEs for 2017.

### **About the Author**

Kathryn started out at age 13 writing a space-travel novel, inspired by a recently-released film called "Star Wars". The following years were filled with minimal writing, mostly on spiral notebooks in the days before personal computers. Then, in 1992, Kathryn decided to get serious. "Your writing can either be a hobby or it can be who you are. Make your choice." That was some advice she received from an established author. So she made a choice; she was going to make writing who she was. Historical fiction was her passion and she learned everything she could about it. Kathryn's Medieval Historicals have been called 'amazing' and 'character-rich'. She believes that total immersion in a time period and a subject is essential to create the perfect story. It's all a formula, like a mathematical equation: First, you need a great title. It sets the mood. Then, you need the perfect hero and heroine. Give your people flaws, because real people have flaws. And then hammer out the most interesting, touching and romantic story you can. Although Kathryn's passion is her Medieval, she is very prolific and proficient at writing her Contemporary Adventure Romances. Those are her most popular books and she has five of them to date, including three that are in a series, that are her best sellers. Her objects of interest? Biblical Relics, Egypt and the mysterious jungles of the Yucatan to name a few. Her heroines are strong, intelligent and beautiful, and her heroes are usually tall, dark, very handsome and VERY big. You'll notice that. Kathryn doesn't have a hero in her contemporary novels under six feet four inches. But, just like her Historicals, the Contemporary novels are extensively researched and written with great thought and detail. One of her novels, Lady of Heaven, is currently being adapted into a screenplay. Kathryn has been described as a reader's writer - she knows what readers like and she writes from the heart. Read Kathryn Le Veque's novels and fall in love again... and again... and again.... Kathryn is the author of 21 novels and counting.
