### Editorial Review

#### About the Author

Thirty years ago **Tom Clancy** was a Maryland insurance broker with a passion for naval history. Years before, he had been an English major at Baltimore's Loyola College and had always dreamed of writing a novel. His first effort, *The Hunt for Red October*—the first of the phenomenally successful Jack Ryan novels—sold briskly as a result of rave reviews, then catapulted onto the *New York Times* bestseller list after President Reagan pronounced it “the perfect yarn.” From that day forward, Clancy established himself as an undisputed master at blending exceptional realism and authenticity, intricate plotting, and razor-sharp suspense. He passed away in October 2013.

**David Michaels** is the author of two Tom Clancy's Ghost Recon novels and several Tom Clancy's Splinter Cell novels.
