Moonwatch Only: The Ultimate Omega Speedmaster Guide By Grégoire Rossier, Anthony Marquié

"It makes perfect sense to publish a book called Moonwatch Only. The OMEGA Speedmaster Professional - the Moonwatch - has done things that no other timepiece has done and it's been worn in places where only a few human beings have been." Captain Eugene Cernan, the last man on the Moon

Initially designed for automobile racing teams and engineers, the Omega Speedmaster embarked on a very different trajectory when NASA chose it to accompany astronauts heading for the moon in 1965. Its involvement in the space adventure has propelled the Moonwatch to the top of the list of celebrated timepieces.

After years of research and observation, the authors present a complete panorama of the Moonwatch in a systematic work that is both technical and attractive, making it the essential reference book for this legendary watch.

"It is an indescribable reference work and a true must-have for every Speedmaster collector" Forbes

"This book sets a new standard. Not only for books on the Omega Speedmaster, but for watch books in general. I've never seen anything like it, and believe me I could fill an impressive sized wall with books on watches. Authors of other books or publishers should take a look at Moonwatch Only as well to see how it should be done." Fratello Watches

Editorial Review

About the Author

Anthony Marquié is a French national and a trained aeronautical engineer. He swiftly turned to an international career in finance and investments. He has always been a collector of both modern and vintage watches, including many icons from the Omega production. Today he spends a lot of his time looking for rare examples, as well as studying the market for prestigious watches and collector's pieces. Grégoire Rossier is a Swiss biologist specialising in bioinformatics. He became a watch enthusiast at the age of 13 when he inherited his first Omega Seamaster, but it was only much later that he started serious research on the Moonwatch. Applying his experience as a researcher, he developed a systematic database of thousands of entries referencing all his observations as well as the market trends for several versions of the Speedmaster.

Users Review

From reader reviews:

Gilbert Albright:

The book Moonwatch Only: The Ultimate Omega Speedmaster Guide has a lot associated with on it. So when you read this book you can get a lot of advantage. The book was compiled by the very famous author. Mcdougal makes some research just before write this book. This particular book very easy to read you can obtain the point easily after reading this book.

Ricardo Kiernan:

Exactly why? Because this Moonwatch Only: The Ultimate Omega Speedmaster Guide is an unordinary book that the inside of the book waiting for you to snap this but latter it will distress you with the secret it inside. Reading this book next to it was fantastic author who also write the book in such remarkable way makes the content within easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you because of not hesitating having this any longer or you going to regret it. This book will give you a lot of positive aspects than the other book include such as help improving your expertise and your critical thinking approach. So , still want to postpone having that book? If I have been you I will go to the publication store hurriedly.

Jose Lloyd:
