### **Editorial Review**

#### Review

This collection brings together ten retold fairytales by such talented authors as Julia Talbot, Catherynne Valente and Erzebet YellowBoy. Each one offers a new take on old favorites like The Pied Piper of Hamelin and Cinderella, all redone with a lesbian twist. The Little Mermaid and Cinderella find each other, leaving Prince Charming to his own devices. Sleeping Beauty finds a new true love and the tale a new Beauty. A princess in a tower is rescued by a mysterious horseman who is more than he seems.

Not all the stories are romantic. Death and violence appear, just like they did in the original tales. The haunting and disturbing "Bones Like Black Sugar" has Gretel fleeing her boorish brother to return to the witch's house and dream her alive. "Voce" gives us two young women separated by abuse and jealousy, one blessed with gold with every word she utters, the other cursed with toads whenever she speaks.

But despite the obstacles, each heroine finds her voice and her way, and often, her true love. Sleeping Beauty, Indeed is a must read for everyone who ever rewrote the old stories in her head, searching for nuance and subtext. It is long past time that we had fairytales written about and for ourselves.

#### From the Publisher

This anthology was originally released as an e-book in 2006. It contains "Voce" by Kimberly DeCina, which was a finalist for the Gaylactic Spectrum Award.

### **Users Review**

#### **From reader reviews:**

##### **Michelle Fulk:**
