The Open Society and Its Enemies, Vol. 2: Hegel, Marx, and the Aftermath

By Karl R. Popper

Popper was born in 1902 to a Viennese family of Jewish origin. He taught in Austria until 1937, when he emigrated to New Zealand in anticipation of the Nazi annexation of Austria the following year, and he settled in England in 1949. Before the annexation, Popper had written mainly about the philosophy of science, but from 1938 until the end of the Second World War he focused his energies on political philosophy, seeking to diagnose the intellectual origins of German and Soviet totalitarianism. *The Open Society and Its Enemies* was the result.

In the book, Popper condemned Plato, Marx, and Hegel as "holists" and "historicists"--a holist, according to Popper, believes that individuals are formed entirely by their social groups; historicists believe that social groups evolve according to internal principles that it is the intellectual's task to uncover. Popper, by contrast, held that social affairs are unpredictable, and argued vehemently against social engineering. He also sought to shift the focus of political philosophy away from questions about who ought to rule toward questions about how to minimize the damage done by the powerful. The book was an immediate sensation, and--though it has long been criticized for its portrayals of Plato, Marx, and Hegel--it has remained a landmark on the left and right alike for its defense of freedom and the spirit of critical inquiry.

Editorial Review

Review

'A modern classic.' - *The Independent*

'A brilliant polemic It remains the best intellectual defence of liberal democracy against know-it-all totalitarianism.' - *The Economist*

'This is a work of great interest and significance, stimulating and suggestive throughout. Dr Popper's virtues are manifold. He has a great fertility of ideas. Almost every sentence gives us something to think about.' - *G.C. Field, Philosophy*

From the Back Cover

'A work of first-class importance which ought to be widely read for its masterly criticism of the enemies of democracy, ancient and modern.'-Bertrand Russell

About the Author

Karl Popper (1902-1994). Philosopher, born in Vienna. One of the most influential and controversial thinkers of the twentieth century.

Users Review

From reader reviews:

Geneva Orta:

Your reading sixth sense will not betray a person, why because this *The Open Society and Its Enemies, Vol. 2: Hegel, Marx, and the Aftermath* book written by well-known writer whose to say well how to make book which might be understand by anyone who read the book. Written with good manner for you, still dripping wet every ideas and producing skill only for eliminate your personal hunger then you still hesitation *The Open Society and Its Enemies, Vol. 2: Hegel, Marx, and the Aftermath* as good book but not only by the cover but also from the content. This is one e-book that can break don't determine book by its deal with, so do you still needing one more sixth sense to pick that!? Oh come on your reading sixth sense already alerted you so why you have to listening to one more sixth sense.

Adele Yeager:

Are you kind of stressful person, only have 10 or maybe 15 minute in your morning to upgrading your mind expertise or thinking skill actually analytical thinking? Then you are receiving problem with the book in comparison with can satisfy your short space of time to read it because all this time you only find e-book that need more time to be go through. *The Open Society and Its Enemies, Vol. 2: Hegel, Marx, and the Aftermath* can be your answer because it can be read by you who have those short time problems.

Dennis Winters:

In this era which is the greater man or woman or who has ability in doing something more are more special than other. Do you want to become one among it? It is just simple way to have that. What you are related is just spending your time not very much but quite enough to have a look at some books. On the list of books in the top collection in your reading list is usually *The Open Society and Its Enemies, Vol. 2: Hegel, Marx, and the Aftermath*. This book that is certainly qualified as *The Hungry Hillside* can get you closer in growing to be precious person. By looking upwards and review this reserve you can get many advantages.

Thomas Williamson:

As we know that book is essential thing to add our knowledge for everything. By a e-book we can know everything we want. A book is a set of written, printed, illustrated or maybe blank sheet.
