If you asked him twenty years ago how the angels coming into his life would change him, **Andrew Ramer** would never have imagined that they would lead him back to the Judaism of his childhood, or deeper into a celebration of the spiritual blessings of being a gay man - but that's exactly what happened. He continues to talk with the angels, occasionally teaches an angel workshop, and is highly active in the LGBT synagogue two blocks from his home. Grounded in his Jewish roots, he also prays in two local churches, a downtown mosque, and maintains the same Buddhist meditation practice he was doing when the angels first came to him in 1982.

Timothy Wyllie was born in England during World War II and trained as an architect. He practiced in London and the Bahamas before joining a religious community and traveling with it throughout Europe and the United States. In 1977, he left the community and started a small business in New York City marketing his invention of a photographic slide storage system to photographers, corporations and museums. By 1981 he was able to devote himself full time to a study of non-human spiritual intelligences of which he was made aware during a Near Death Experience in 1973. His books include *Dolphins ETs & Angels* (1984), *Adventures Among Spiritual Intelligences* (2002), and *The Return of the Rebel Angels* (published in 2011 by Inner Traditions/Bear & Co.). His cosmic creation myth *The Helianx Proposition* is published by the Daynal Institute Press in 2011), and he is currently co-authoring a seven-volume work: *The Revelations of a Rebel Angel*, which he hopes to complete before the end of the world.
