Cracking the Communication Code: The Secret to Speaking Your Mate's Language By Emerson Eggerichs

Communication between couples has been dissected in thousands of books and articles, so why does it remain the number one marriage problem? "Because," says Dr. Emerson Eggerichs, "most spouses don't know that they speak two different languages. They are sending each other messages in 'code, ' but they won't crack that code until they see that she listens to hear the language of love and he listens to hear the language of respect." Dr. Eggerichs' best-selling book, "Love & Respect," launched a revolution in how couples relate to each other based on Ephesians 5:33: "The husband must love his wife . . . and the wife must respect her husband." In "Cracking the Communication Code," he shows couples how to decipher what they are really saying to each other and how to speak each other's distinctly different language - respect for him, love for her. The result is mutual understanding and a successful, godly marriage.
