Editorial Review

About the Author

Niket Sonpal, MD (New York, NY) was the 2013-2014 Chief Resident at Lenox Hill Hospital – Northshore LIJ Health System. He is also Assistant Clinical Professor of Medicine Touro College of Medicine and Assistant Clinical Professor of Medicine St. Georges University. He teaches USMLE and COMLEX preparation across the country and is currently completing a GI fellowship at Lenox Hill Hospital.

Conrad Fischer, MD (New York, NY), is one of the most experienced educators in medicine today. He is Associate Professor of Medicine, Physiology and Pharmacology at Touro College of Medicine. His breadth of teaching includes medical students, USMLE prep, and Specialty Board exams. He has seven "Teacher of the Year" awards over the last ten years. In addition, Dr. Fischer was formerly the Associate Chief of Medicine for Educational and Academic Activities at SUNY Downstate School of Medicine. Dr. Fischer has been Chairman of Medicine for Kaplan Medical since 1999, and has held Residency Program Director positions at both Maimonides Medical Center and Flushing Hospital in New York City.

Users Review

From reader reviews:

Doreen Harry:

Do you have favorite book? When you have, what is your favorite's book? Publication is very important thing for us to be aware of everything in the world. Each reserve has different aim or maybe goal; it means that guide has different type. Some people experience enjoy to spend their time and energy to read a book. These are reading whatever they take because their hobby is actually reading a book. What about the person who don't like examining a book? Sometime, particular person feel need book after they found difficult problem or exercise. Well, probably you will require this General Surgery: Correlations and Clinical Scenarios.

Rita Kirby:

Here thing why this specific General Surgery: Correlations and Clinical Scenarios are different and trusted to be yours. First of all studying a book is good but it depends in the content of the usb ports which is the content is as yummy as food or not. General Surgery: Correlations and Clinical Scenarios giving you information deeper and different ways, you can find any guide out there but there is no e-book that similar with General Surgery: Correlations and Clinical Scenarios. It gives you thrill reading through journey, its open up your own personal eyes about the thing in which happened in the world which is might be can be happened around you. You can actually bring everywhere like in area, café, or even in your approach home by train. When you are having difficulties in bringing the published book maybe the form of General Surgery: Correlations and Clinical Scenarios in e-book can be your alternate.

Jennifer Garza:

This General Surgery: Correlations and Clinical Scenarios is great publication for you because the content that is certainly full of information for you who all always deal with world and also have to make decision every minute. That book reveal it information accurately using great coordinate word or we can say no rambling sentences inside. So if you are read this hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but tough core information with beautiful delivering sentences. Having General Surgery: Correlations and Clinical Scenarios in your hand like obtaining the world in your arm, info in it is not ridiculous just one. We can say that no publication that offer you world within ten or fifteen second right but this guide already do that. So , it is good reading book. Hello Mr. and Mrs. occupied do you still doubt which?

Stacey Thompson:

This General Surgery: Correlations and Clinical Scenarios is completely new way for you who has intense curiosity to look for some information given it relief your hunger of information. Getting deeper you in it getting knowledge more you know otherwise you who still having little bit of digest in reading this General Surgery: Correlations and Clinical Scenarios can be the light food for you personally because the information inside that book is easy to get simply by anyone. These books produce itself in the form which can be reachable by anyone, yep I mean in the e-book application form. People who think that in e-book form make them feel drowsy even dizzy this publication is the answer. So there is absolutely no in reading a guide especially this one. You can find actually looking for. It should be here for a person. So , don't miss that! Just read this e-book variety for your better life in addition to knowledge.
