The Archaeology of the Caribbean (Cambridge World Archaeology) By Samuel M. Wilson

The Archaeology of the Caribbean is a comprehensive synthesis of Caribbean prehistory from the earliest settlement by humans more than 4000 years BC, to the time of European conquest of the islands, from the fifteenth through seventeenth centuries. Samuel Wilson reviews the evidence for migration and cultural change throughout the archipelago, dealing in particular with periods of cultural interaction when groups with different cultures and histories were in contact.

Editorial Review

Review

"Wilson does a masterful job of bringing [new studies and perspectives] together to revise prevailing notions of cultural development...This book is a significant contribution for those interested in island archaeology, archaeologists who work throughout the Americas, and Caribbeanists in particular."

Journal of Anthropological Research, William F. Keegan, Florida Museum of Natural History

About the Author
