Editorial Review

Review

"Mike takes a fresh perspective on the topic of leadership. A must read for aspiring and seasoned leaders alike, and a welcomed addition to anyone's leadership library."

--Mike Garner, former Infantry officer and leadership instructor at West Point

"This must-read book provides a grounded, commonsense approach to helping students and practitioners of leadership understand themselves, the environments in which they lead, and how to adjust their natural leadership tendencies to get their teams to do what must be done. Mike illustrates each aspect of his approach with personal examples, and provides useful insights into how leaders may become better at the craft of leadership."

--Colonel Hank Kinnison, U.S. Army (Retired)

"Few of us are born with the innate talent to lead. Mike Lerario shows us how. He argues if we understand our tendencies, and the situation, we can adjust or move the fulcrum to provide leadership in balance. This is a must read for leaders and managers each of whom must be able both."

-- Colonel Gregory Fontenote, U.S. Army, Retired

"...An excellent approach to leadership. The real-world, first hand examples of leadership challenges lend tremendous credibility to the Fulcrum Centric approach ... superb ... an easy read. I strongly recommend it to junior and senior leaders in all walks of life - industry, military and academia."

--Joseph W. Kinzer, Lieutenant General U.S. Army, Retired
