Editorial Review

From the Author

I'm excited about LinkedIn, and I'm truly grateful for the over 50 enthusiastic reviews for the first edition of this book on Amazon.com from people who now share my passion!

I truly believe in its potential to uncover hidden opportunities for every working man and woman in the world. Anyone who takes the time to explore LinkedIn can find opportunities to grow their business, gain worldwide publicity, land the perfect career, develop a network of referral partners, meet mentors who will take their career to the next level, locate investors for their ideas, and much more.

I wrote this book to convince you that while LinkedIn is a social network (like Facebook) and it's great for finding a job (like Indeed), it really is an all-purpose, high-powered professional networking site where you can accomplish all of your business goals, i.e. finding new clients, partners, investors, joint ventures, advisors, mentors and more. I want all business people to stop what they are doing and log onto LinkedIn and start making the connections that will take their career - and their life -- to the next level.

Yes, LinkedIn is a social network....but it's more. To me, it's like a giant switchboard in the Cloud. You plug into it and connect with whoever you need to talk to in order to get to the next level in your career or business. In the book I spend a great deal of time talking about social selling; how to use LinkedIn to grow your business through the roof!

After reading this book, you will know everything you need to know to make the most of LinkedIn, and then it's up to you to put the largest professional networking site on the planet to work for you. Over 450 million professionals are waiting to meet you! I hope you find this book inspiring and educational, and you put these techniques to work right away

To Your LinkedIn Success!

Dan Sherman

From the Back Cover

The definitive guide to LinkedIn - updated to reflect the site's newest tools and functions

Maximum Success with LinkedIn revolutionizes the way busy professionals use LinkedIn. It isn't just about professional networking and job seeking; it's a step-by-step guide to answering any professional challenge by harnessing the potential of LinkedIn. It explains how to use LinkedIn to:

- * Find customers, partners, investors or advisors
- * Hire qualified employees
- * Build a personal brand to draw in customers and recruiters
- * Attract opportunities for more work, media exposure and lucrative partnerships
- * Increase your network with thousands of contacts with one simple technique
- * Develop business relationships
- * Find and land the perfect job

Whether you're starting a business, growing your company or building your career, Maximum Success with LinkedIn will help you leverage the power of the world's largest professional network to achieve your goals.
