Editorial Review

Review

...the authors must be congratulated on providing a useful and concise introduction and ready reference refresher to the important topics of food science, nutrition and microbiology.

Food Manufacture International

P M Gamman

It is not easy to explain 'matter scientific' to those with little scientific training but the authors have made great efforts to get away from jargon and have simplified all explanations.

Food Trade Review

Amleto D'Amicis

The authors have attained their objective in that the book is concise, well-structured, and at the same time makes pleasant and easy reading, even though the subject is very technical.
