From the Back Cover

Test Your Knowledge with the Ideal Companion Workbook to the #1 Guide to Corporate Valuation!

This professional workbook and study guide is the ideal complement to the bestselling Valuation, the definitive guide to measuring, managing, and maximizing a company's value. The Valuation Workbook allows you to self-test your knowledge before putting it to work in real-world situations. A clearly organized parallel volume to Valuation, the Workbook:

- \* Walks you through the text, chapter by chapter
- \* Tests your comprehension and calculation skills with multiple choice questions and problems that help you practice applying the principles in the book
- \* Covers multibusiness, dot.com, bank, and insurance company valuation, as well as the ins and outs of valuing cyclical companies and option pricing methods

Along with a complete answer key, the Workbook also covers such essentials as what drives value creation, value metrics, M&As and joint ventures, valuation frameworks, how to analyze historical information, estimating the cost of capital and continuing value, forecasting performance, and calculating results. Brief chapter summaries reinforce major points.

The Valuation Workbook makes Valuation a more valuable business reference than ever before.
