Nursing Practice: Hospital and Home -- The Adult, 2e By Margaret F. Alexander CBE BSc PhD RN RM RNT FRCN, Josephine (Tonks) N. Fawcett BSc(Hons) MSc RN RNT ILTM, Phyllis J. Runciman BSc MSc MPhil RN RM RHV RNT

Fully revised and updated but maintaining the thorough approach that was welcomed in the first edition, this book remains the core text of choice for students of adult nursing. Every chapter has been revised to reflect current research and practice, and to maintain the focus on holistic care, with the patient as the significant partner in nursing care.

Editorial Review

Review

"Every generation of student nurses has one book that becomes their 'bible'...This book has the potential to be the first point of reference for today's generation." *Heather McLelland, Sister and Accident and Emergency, Accident and Emergency Nursing Vol 9 No 4, October 2001*

excellent reading for post-registration nurses who have forgotten the basics. However, far from being basic, this book contains a wealth of knowledge which reflects current research and practice while maintaining a focus on the holistic care of the patient." *Paul Wicker, British Journal of Perioperative Nursing, vol 11, March 2001*

Users Review

From reader reviews:

Anna Elam:

Throughout other case, little individuals like to read book Nursing Practice: Hospital and Home -- The Adult, 2e. You can choose the best book if you like reading a book. Providing we know about how is important the book Nursing Practice: Hospital and Home -- The Adult, 2e. You can add know-how and of course you can around the world by just a book. Absolutely right, because from book you can know everything! From your country until eventually foreign or abroad you will end up known. About simple matter until wonderful thing you could know that. In this era, we can easily open a book or even searching by internet product. It is called e-book. You can use it when you feel fed up to go to the library. Let's learn.

Lyman Johnson:

In this 21st millennium, people become competitive in most way. By being competitive now, people have do something to make these people survives, being in the middle of the particular crowded place and notice by means of surrounding. One thing that often many people have underestimated the item for a while is reading. Yep, by reading a publication your ability to survive improve then having chance to stand up than other is high. For you who want to start reading any book, we give you this kind of Nursing Practice: Hospital and Home -- The Adult, 2e book as beginner and daily reading reserve. Why, because this book is usually more than just a book.

Jean Proffitt:

Would you one of the book lovers? If yes, do you ever feeling doubt while you are in the book store? Try to pick one book that you never know the inside because don't determine book by its deal with may doesn't work at this point is difficult job because you are scared that the inside maybe not seeing that fantastic as in the outside appearance likes. Maybe you answer might be Nursing Practice: Hospital and Home -- The Adult, 2e why because the great cover that make you consider regarding the content will not disappoint a

person. The inside or content is actually fantastic as the outside as well as cover. Your reading sixth sense will directly make suggestions to pick up this book.

Connie Curtis:

What is your hobby? Have you heard which question when you got learners? We believe that that issue was given by teacher on their students. Many kinds of hobby, All people has different hobby. So you know that little person including reading or as reading through become their hobby. You should know that reading is very important as well as book as to be the point. Book is important thing to provide you knowledge, except your own teacher or lecturer. You see good news or update with regards to something by book. Many kinds of books that can you choose to use be your object. One of them is niagra Nursing Practice: Hospital and Home -- The Adult, 2e.
