Simple Ways to Be More with Less By Courtney Carver

If you have imagined a life with less, reading this book is a great way to get started. Most of us have lived our adult lives working more, to make more, to spend more, to have more. We haven't done it maliciously, but out of habit.

Our parents wanted better for us and we want better for our children, but somewhere along the way we forgot what better was.

These 27 ideas will help you be more with less. They are simple for the most part, but sometimes the smallest change makes the biggest difference. As you go through this process, you will subtract things from your life, and add other things (which aren't really "things") back in.

Living with less sometimes means adding more in the way of healthy habits to your lifestyle. You don't have to do everything in the order that they appear. You don't have to do all of them or any of them. Pick and choose the suggestions that work for you. Implement these ideas to create your life on purpose.
